

CHILDREN AND YOUNG PEOPLE'S MENTAL HEALTH COALITION (CYPMHC)

TERMS OF REFERENCE

The Children and Young People's Mental Health Coalition (CYPMHC) is a coalition of organisations from across England who are passionate about the mental health and wellbeing of children and young people. Through the CYPMHC, our member organisations come together and speak as one on behalf of children and young people. Coalition members share and sign up to our mission, vision and values. The Coalition is Chaired by Sir Norman Lamb.

OUR MISSION

The Coalition is for all those working to improve children and young people's mental health. Through our collective voice, we influence and shape policy, systems and practice by listening to, and learning from our members, supporters, children, young people and families.

OUR VISION

Our vision is for all infants, children and young people to grow up in a society that prioritises, invests, listens and attends to their mental health and wellbeing.

OUR VALUES

- **Respect** for the rights of all infants, children, young people and families
- **Trust** in the voices and experiences of children, young people and families and all who work with and for them
- **Fairness and equity** across policy, resources and services affecting infants', children's and young people's mental health and wellbeing

OUR STRATEGY

In 2018, the coalition gathered responses from across the membership to find out more about their key priorities for improving children and young people's mental health and wellbeing and extend our learning community. Through this process, the coalition identified three key priorities which led to the development of a revised [Strategic Plan](#) for the next three years:

1. The promotion of good mental health, the **prevention** of mental health difficulties and the reduction of inequalities in all national and local policies and strategies impacting on infants, children, young people and families
2. Greater **investment** in accessible, high quality, person-centred, **early intervention** approaches to infants', children's and young people's mental health

3. Everyone having the **knowledge, skills and confidence** to recognise and address the mental health needs of infants, children and young people.

The Steering Group

The Steering Group is responsible for setting the strategic direction of the Coalition and oversees its operational plans. Collectively, they assist in prioritising and planning for the delivery of key Coalition activities such as campaigns or events. Members of the group will also share information regularly to prevent duplication and ensure the Coalition is representing the views of its members effectively.

The Steering Group is currently made up of twelve member organisations who meet four times a year to discuss operational progress and workstreams. The Steering Group comprises:

- The British Psychological Society
- British Youth Council
- Centre for Mental Health
- Charlie Waller Trust
- Foundation for people with learning disabilities
- Mental Health Foundation
- National Children's Bureau
- Parent-Infant Foundation
- Race Equality Foundation
- Rollercoaster Family Support
- YoungMinds
- Youth Access

For further information, please read our [anti-racism policy](#), adopted from our hosts Centre for Mental Health.

We do not promote or advocate on behalf of specific organisations, nor do we promote commercial/for-profit entities. Being a member of the Coalition should not be about advancing the interests of an organisation, but about contributing and strengthening the work of the Coalition.

Organisations seeking to become members should complete the [Google form](#) stating why you want to become a member. By submitting the form, you are **committing to the values of the Coalition** above.

We ask that one individual from each organisation be the principal contact to receive communications, invitations, etc, and additional individuals from that organisation can sign themselves up to the [mailing list](#) via the website (to receive the [weekly newsletter](#)). The principal contact can delegate to other individuals within the organisation if they are unable to attend events/meetings or contribute to workstreams as they see fit.
